Dear Patricia:

It is with great pleasure that I recommend you as a Keynote Speaker and Workshop Presenter. I personally booked you as a keynote speaker for our 2006 conference at the Ho-Chunk Convention Center in Baraboo, Wisconsin. We were glad to have you at our 25th annual conference. I have heard your keynote, read your book, "Babysitter to business owner" and also attended your workshops.

Patricia you have always displayed a high degree of professionalism, integrity, responsibility, and ambition. You are definitely a leader in the field of Early Childhood. In addition to your excellent Family Child care accomplishments, you have proven your leadership ability by doing many workshops and keynotes for colleagues in the Early Childhood field.

Patricia you would be an asset to any organization as a keynote speaker and workshop presenter. I am happy to give you my wholehearted endorsement.

Sincerely,

Celeste Swoboda
